Many forfeitures are about to accrue, from failure pay taxes; many claims, otherwise good, will be mared by adverse, possession of three years—that being the limitation; many titles of lands conveyed in the United States, cannot be admitted to record in Texas, for want of proper authentication. Owing to some one or other of these causes, the best lands are in a condition to be lost.

Having made it my business to become acquainted with all the laws relating to titles, and being determined to attend diligently to all claims confided to me, I require, in all cases, an advance in cash sufficient to cover expenses of investigation. When that shall be done, I am willing to take a contaigent interest in the lands for attention and services.

GREATEST WONDER OF THE AGE.

PATENT GALVANIC RING, AND MAGNETIC FLUID.—These wonderful Rings, and the Galvanic Fluid, have created a great senastion throughout Europe, and are attracting crowds to see them, both in New York and Boston. They cure with astonishing rapidity rheumatism, gout, tic-doloreux, fits, cramp, sick headache, indigestion, paralysis, stiff joints, general debility, deficiency of nervous energy, and all nervous disorders. They produce all the beneficial results of the ordinary galvanic battery, or electric and magnetic machines, without the injurious shocks which always accompany their application. The secret of preparing the Ring was discovered by Professor Harmance Christie, of London, in October last, and they have been recently introduced into this country by Dr. A. Christie, who warns the American public, from the beginning, to beware of spurious imitations. To guard against fraud, he will appoint but one agency in each of the cities of the United States.

OREGON AND CHINESE WHEAT.—Just received a few sacks of the above new and superior seed grain, from H. R. Smeltzer, esq., of Bloomfield farm. The Oregon is a red kernel wheat, and the Chinese a beautiful plump white kernel. These extraordinary varieties produced Mr. S. last season 45 to 50 bushels of wheat per acre, weighing 63 to 68 lbs. per bushel.

63 to 68 lbs. per bushel.

"Oragon and China wheat.—There have been left at our office two new species of wheat—one called 'Oregon,' the other 'China.' It was taken from the Bloomfield estate, belonging to Henry R. Smeltzer, near Middletown, Frederick county, Maryland. The 'Oregon' wheat was found or discovered by a missionary travelling through that territory, who breught it to this country in 1839. Mr. Smeltzer this year raised from four and a quarter acres, 212 bushels and 43 lbs., which is a fraction over 50 bushels to the acre. This wheat is very hardy, of a beautiful red color, with smooth chaff, heads from 5 to 6 inches long, and average from 90 to 130 grains to the head. It is believed it will yield at least 20 per cent. more to the acre than the ordinary wheat, from the fact that it has from 15 to 20 grains more to the head. The history of the China wheat is rather singular. A few heads were found in a box of China-wate Imported from the north of China; and the heads being so very large and compact, the discoverer was induced to plant them. Mr. 8. informs us that last year he raised 421 bushels per acre with it, and this year 47 bushels per acre. This is a beautiful white wheat, and has heads or cars about as long as the 'Oregon' wheat, and about the same number of grains to the head. The 'China' wheat is of the early kind, and, so far, has not been injured by smut, mildew, or fly."—Sun.

The above valuable seed grain is for sale at the agricultural store of J. F. CALLAN, Washington; also for sale by J. H. KING, Georgetown.

Chapir A. Harris, M. D., demonstrator of mechanical dentistry.

The faculty are gratified in being able to inform the community, that, in addition to the laboratory already attached to the college, arrangements have been made for opening a dental infirmary, which will go into operation the ensuing session, and be conducted on the most liberal principles.

It is designed to extend relief, gratuitously, to all those who are too poor to pay a dentist, by simply defraying the cost of the material used in repairing the teeth.

All operations on the mouth and face will also be performed without charge.

This infirmary, it will be perceived, is a purely charitable institution, extending the same relief to the dental apparatus of all the destitute poor, that medical infirmaries do to diseases of other parts of the body.

It will also add greatly to the practical facilities which the college already furnishes the student, by giving him not only a better opportunity of daily witnessing the various operations, but also of taking part himself, and thus acquiring that practical tacts oc essential to the skillful dentist.

Ticket of each professor, \$25; matriculation, \$5.

DR. SWAYNE'S COMPOUND SIRUF OF WILD CHERRY,

cough, croup, and all diseases of the liver and lungs, broken constitution, &c.

THE above is the original and only genuine preparation from this valuable tree, and has won its way to public favor by its unparalleled success in curing all diseases of the lungs, notwithstanding the many articles prepared by persons who have no knowledge of the science of medicine, in theory or practice; and some, more readily to deceive the unsuspecting, use a part of the name of the original preparation, such as "balsam of wild cherry," "Phenix balsam of wild cherry," "balsam of wild cherry," "c.—all sprung up with a mercenary view, after Dr. Swayne's compound sirup of wild cherry had won a reputation in the healing art never to be forgotten by many a once cheertess fireside. Therefore the public should be on their guard, and purchase none but the original preparation, which is daily performing such astonishing cures in pulmonary complaints, after all remedies had failed, and the patients given up as hopeless. Thousands of certificates might be published, which would astonish credulity itself; but it is deemed unnecessary. Below we publish a few of the name of persons who have been cured by this wonderful remedy:

Robert Glenn, steward of the almshouse near Frankford, testifies to the efficacy of Dr. Swayne's compound sirup of wild cherry, in curing Valentine Chapman, one of the most aggravated cases of diseased lungs which has ever been placed upon record, after every other remedy had failed, and his physician had given him up as incurable.

Mrs. Brown, corner of Second street and Germantown road, Philadelphia, effectually cured of diseased lungs and the symptoms of incipient consumption, by using four bottles of Dr. Swayne's compound sizu of "diseased lungs of the control of the c

Oct. 4-3tif LAND IN CHARLES CITY. On James river, for CALLED AND KNOWN AS NORTH BEND,
THE residence of the late James Minge, containing, by actual survey, five hundred and sixty acres, situated in one of the finest neighborhoods in Virginia, within a few hours run of Norfolk, Richmond, and Petersburg, in a high state of improvement from the application of time and mari, adjoining the lands of Ro. C. Harrison's estate, now advertised for sale by his executor, Tho. E. Poythress, esq., to be sold on the 15th day of October next. The union of these two estates would make one of the most desirable and valuable plantations on the lower James, and affords an opportunity for the investment of capital which will seldom occur. Both these plantations are healthy and pleesant residences, with every facility of living well, the river and creeks abounding with fish and fowl, and the forests with deer and wild turkeys. The soil adapted to tobacco, corn, and wheat—the latter more particularly, some of the land having produced the rise of forty bushels to the acre, by, actual measurement. This land, if not sold before, will be put up to the highest bidder on the 15th of October, and sold without reserve, positively. There is a deed of trust on the land for \$5,000, for which the purchaser, I have no doubt, on paying punctually the interest, can get a reasonable time to pay the balance in twelve months, with interest. A new dwelling-house, wha all other conveniences for the accommodation of a family, in good order.

Any further information will be attended to on application to Thos. S. Gholson, esq., of Petersburg, who has the entire management of my unsold property; and in any arrangement of my unsold property; and in any arrangement of his, I will cheerfully accede.
